The TV is my communication device to what is going on in the outside world. I am permanently in a wheelchair. I have worked in Ag. my entire life in production as & in retail.

RFD's lets me know what is going on in Ag. My TV is almost turned to RFD's always. I would like to see more added.

I believe, like Patrick, there be communication between rural & urbane America. Without this communication our country is soon lost.

I watch on

Dear FCC People

I thought I out to tell all you just how I feel about what you all are about to do.

Just a little while ago I thought we finally got a channel on T.V. that we really like. R.F.D. TV. I don't know of another station that has so many different Programs that fits so many people. And another thing is all these programs are so country, fine and wholesome & clean. See we are Country people, not farm oriented people. I come from ^{DOCKET FILE COPY ORIGINAL} ~~from~~ ^{the} ~~town~~ ^{area}, and my wife from ~~Intn.~~ ^{City}, TN areas. So the thing is we like to see on TV what we know and were raised up on. You know we like to see shows about thing you did & know in the life of our past. So. - I'm telling you people it would really break my heart if you all are taking R.F.D. TV off the air. You guys just don't understand the country way of life eventually. I'm 81 & wife 77, so please don't break ~~of~~ our heart, Right now it's hard to find a good station that plays country music & all kinds of TV shows about the West and all over. You know, Country loving areas just where ever they are.

I think you guys are saying like a commercial I seen the other ^{for} It was a Country dating service, (It said, you City folks just don't get it.) & I couldn't say it better!!! It wouldn't match the stations & programs you would put on instead of R.F.D. TV

Here are some people that feel the

Dear FCC, Proceeding number 16-41:

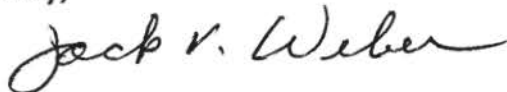

Jack Weber, N22 County Road Z, Eau Galle, WI 54737 (contact)

We watch RFD-TV on cable at our home on the farm. We do not want the station to be taken off the air. It is the only station devoted to farming and agriculture and it is educational. In fact, it is about the only one we watch.

Please, continue to air the RFD-TV shows.

Thank you

Sincerely,

A handwritten signature in cursive script that reads "Jack R. Weber".

I am writing about RFD-TV
being removed from Verizon
and other cable networks.

I am 69 yrs. old. I enjoy
RFD-TV on dish network. I
like the Country music shows
and old Tractor and farming
shows. please, stop the cable
companies from removing this
programming.
